

I am writing to inform you of my attachment to KLOVE radio broadcast. It is a necessary tool that provides my family with important dates and news that serve the christian community. There would be such an empty space on the radio for those of us that love hearing positive and encouraging music and conversation, and I am asking that you continue to provide K-Love with this airtime. K-Love is the one and only radio station that I feel that I can allow my children to listen to without having to constantly monitor what is playing. I realize that, as a parent, it is my duty to insure that the audio and visual materials available to my children are appropriate, but I also know that it is important to allow them to feel "in charge" of some of the choices presented. Without K-Love on the radio, there will be no safe place for my girls and the result will be power struggles and ill-feeling. Please allow K-Love to remain on the air and continue to build up the christian family.

2. The effect on the local community if K-LOVE were to be displaced by an LPFM broadcaster providing other programming.

3. Why you believe that the service provided by K-LOVE is in the public interest
